A free presentation by Greg Kowalski,
author, and Chairman of the Hamtramck Historical Commission

Monday, November 28, 2022 6:30pm

Author, and Chairman of the Hamtramck Historical Commission Greg Kowalski will be presenting a talk at the library on the impact of immigration on Hamtramck.

Hamtramck is one of the most diverse cities in America. An incredibly wide mix of people from around the world now call Hamtramck home. In a way this has changed the community greatly, as it once was a predominantly Polish town. Now it is much more diverse. Yet, immigration has been a defining feature of Hamtramck literally for centuries. This program examines Hamtramck's special link to immigration and what life is like in Hamtramck today where so many different people live side by side. It is a revealing examination of the city and directly deals with the controversy surrounding the topic of immigration so prevalent in America today!
